

**Soror Tokie Dunn, Delegate
Delta Theta Omega Chapter**

Delegate Report:

Southeastern Region Conference April 8-11, 2021

<i>April 8, 2021</i>	<i>Constitution & By Laws Forum</i>	<i>Highly informative and a much needed requirement for any soror no matter the length of time in the organization. The Constitution & By Laws forum afforded me the opportunity to learn & understand the statutes of the sorority and the understand proposed amendments. Supreme Parliamentarian Bonnie Murdah was exceptional.</i>
<i>April 9, 2021</i>	<i>Plenary I Plenary II</i>	<i>I thoroughly enjoyed the Plenary sessions. After a minor setback due to technical issues for Plenary I, I was unable to vote for the first requirements. Once the issues were resolved, I was able to cast my votes on behalf of the chapter. Being in the delegates breakout room, also allowed me some interaction with other delegates in the region.</i>
<i>April 10, 2021</i>	<i>Workshop#1: Standards</i> <i>Workshop #2: Sisterly Relations</i>	<i>Soror Dawn Magee did an exceptional job at explaining maintaining excellence in standards, chapter operations, and establishing criteria for chapters. Not only did she expound on maintaining proper chapter documents but she explained Officer/Committee Chairman Transition Documentation which is helpful for those sorors seeking future leadership roles. Understanding the protocols in chapter functioning, helped me better understand the “why” in keeping accurate and current chapter information as detailed as possible especially in a virtual environment.</i> <i>This workshop was amazing! As we walked through the Ways of Strengthening Our Pearls, Soror Andrea (Andie) Miles offered superb definitions and suggestions in</i>

	Plenary III	<p><i>navigating through healing past hurts to become better sorors. The theme that I received from this awesome session was: "Know Thyself". In truly knowing yourself, you are better equipped to provide and maintain strong sisterly bonds.</i></p> <p><i>The final Plenary session was a great start to culminate the "business" of the sorority. Again, being in the delegate break out room did make for a great way to interact with other delegates in the region and to also be a part of voting on matters that affect the entire region.</i></p>

Comments:

This year's virtual Southeastern Regional Conference far exceeded my expectations! As a fairly new soror, the platform was easy to navigate and the information presented in the sessions was extremely helpful. The sessions I personally chose to attend included: Constitution & By Laws forum, Standards & Protocol workshop, and Sisterly Relations workshop. As current chairman of my chapter's Sisterly Relations Committee, this session ranked as my favorite. The information that was shared was important not only to help with heading activities to keep sorors engaged in the chapter but also to challenge me to look deeper within my role as a soror of Alpha Kappa Alpha Sorority, Inc. The vendors were not only professional but courteous and inviting. Several virtual vendors that I visited followed up immediately with emails and "thank yous" for even stopping by. The vendor sections were as if you were actually in a brick & mortar building! The Plenary sessions were exceptional and although virtual, they still provided the atmosphere of learning, leadership, and love.
